# OSSTEM MASTER COURSE

## ADVANCED COURSE

### OneGuide Course Curriculum

This comprehensive course is designed to provide dental professionals with an in-depth understanding of the Osstem Digital Surgery line-up, OneGuide, OneCAS, and OneMS, along with practical skills in customised abutment design, surgical techniques, and prosthetically driven implant positioning. Participants will learn how to precisely plan and order digital guided surgery protocol with the Osstem team and effectively utilize these guides for implant placement procedures.

#### OneGuide

##### Osstem Digital Guided Surgery System, OneGuide

- Learn how to use Osstem guided surgery kits effectively and shorten your surgical time
- Understanding the current limitations of the surgical guide system

#### OneCAS

##### Osstem Digital Guided Surgery Kit for Crestal Approach

- Learn how to predictably raise sinus using a fully guided Crestal Approach Sinus Kit
- Biomaterial choices
- Understanding the limit of crestal sinus lift

#### OneMS

##### Osstem Digital Guided Surgery Kit for Narrow ridge regions

- Learn how to plan your Mini implant in lower anterior regions
- Predictably create immediate temporary
